Beloved Children of God:

All the energy in the universe is constantly emitting radiation, and the quality of the radiation really represents the whole problem of human redemption as far as the Ascended Masters' service to man is concerned. There is not an electron in interstellar space that is static or immovable, and the so-called 'inanimate' objects of the physical world are in a constant state of motion - as the scientists have discovered.

The degree of evolution of each self-conscious individual determines the intensity and the length of the rays of radiation that pass from him. The higher the lifestream goes upon the spiritual ladder, the greater is the area covered by his outgoing energy waves, and the more life, power and love directed to such an one by the Ascended Brotherhood, the greater is his responsibility in the solar system to which he belongs because of the ever-increasing circumference of his electronic circle.

That is why the responsibility for spiritual knowledge and unfoldment is far greater than is comprehended by the student who is so eagerly desirous of knowledge, of powers, and the full use of the activities of the Sacred Fire. As in the physical world, greater responsibility rests upon the shoulders of those in positions of trust and authority, so does all spiritual knowledge carry with it an obligation to serve life

selflessly, and the far more important obligation to control and pour out through the radiation of such an one's being only those qualities which will enrich the universe through the greater scope of the increased aura.

If people could see what the unfoldment of spiritual knowledge did to their auras, and how much greater was their personal ability to affect the entire universal scheme, some would hesitate (on account of the personal responsibility involved) before accepting this outpouring.

When individuals have been under the direction of the Ascended Host as you have been, dear ones, for several years now, every time one of Us has come to present the Law, countless tons of energy have flowed into each one of your auras, remaining a part of your lifestreams and greatly enlarging the sphere of influence of all the Seven Rays. It is, therefore, expedient that you begin to incorporate into your very beings the Ascended Masters' Peace, Poise, Serenity, Kindliness, Tolerance, Understanding, Love and Gentleness, because the repercussions for the slightest imperfection upon the Law of Harmony are much greater when the aura is expanded to such a large extent for the reason that it affects a greater part of life.

The activity of anchoring the Ascended Masters' energy into your own bodies to set up new patterns of thought and feeling, coupled with your own conscious endeavor to hold your lower bodies within an harmonious expression, will do much to assist you. When your outer consciousness is constantly aware that its most essential duty is to maintain an undisturbed state of harmonious

radiation - in the full knowledge of the effect it will have on the lives of others - your consciousness will become like a sun, and your sphere of influence can be used cosmically to set up a like energy pattern in the lives of all those whom the Masters will see fit to drawninto your environment, besides the beneficial effect it will have upon every expression of life that it touches - whether human, animal, elementalor plant life.

Watch your thoughts and feelings, beloved ones, because these affect your radiation and tend to diminish your usefulness in the Ascended Masters' present endeavors to raise and redeem a planet and its people.

I do accept Thee here and now,
Beloved Christ Self of me!
Now take command -- complete control;
Make me all LIGHT like Thee!
Teach me Thy Wisdom's gentle ways
And help me to forgive;
Transmute the outer consciousness
And its desire to live
For self alone. Henceforth
Let me Thy Victory be!
For it is no longer I that lives;
But Christ liveth in me!

Beloved Children:

Will it surprise you to learn that you and I, individually, have many discussions? Perhaps I should not say 'discussions' because you do not audibly join with Me in the expression of My humble endeavors (through this little 'Bulletin') to point out to you ways and means by which your earnest souls may consciously join with the great assembly of Ascended Beings - one of whom I have the privilege to be. Yet I rarely come without there is a discussion of a sort, because within your feelings and your thoughts there have been questions raised - points on which you sought illumination - and, in the invisible, we have talked back and forth more often than you, in your outer self, are aware of; so to say that we have had many discussions is not entirely erroneous.

I enjoy tremendously the searching of your consciousness and your purpose. I enjoy your devotion to Me and to the Brothers who represent Me and who have carried the message of Life and Light so constantly through the years. I pray for the hour when your devotion to each other, and your kindly disposition toward each other may be equal to your devotion to Me, for in that is the hope of the unity of Our endeavors to set this planet and its teeming evolutions free to fulfill their individual Divine destinies.

That is why I ask you now, as I have requested
